

Maxville Manor General Update

January 12, 2021

Outbreak Update

There are no new cases of COVID at the Manor today, January 12 at 11 am.

The current COVID status at the Manor is as follows:

	Staff	Residents	Essential Caregivers (family or loved ones)
Number of people with COVID at Maxville Manor	1	1	2

Vaccination Update

We have been informed by Public Health that Maxville Manor will **not** be getting its vaccinations this week. I'm hoping to know more on dates for Maxville Manor's vaccination soon. We will not be able to get the vaccine until we are out of outbreak and the earliest that will be is January 20, 2021. I will keep you posted and as soon as I know, you will be informed.

Visiting palliative residents

As we are in outbreak and for your safety and others, we are requesting that only one person visit a palliative resident at a time. This will be revisited once the outbreak is over.
