

Outbreak Update

We have no new confirmed COVID cases at Maxville Manor today as of January 9th at 11am.

NEW Requirement for feeding residents

We have just been instructed by the health unit that we **must** feed each resident in their room at least 6 feet from the doorway.

COVID Vaccinations

We are still waiting to hear from the Eastern Ontario Health Unit when our vaccination days at Maxville Manor will be. It could be as early as Wednesday, January 13, 2021 but as soon as we know, we will communicate the dates and times with you. As a reminder, anyone entering the Maxville Manor to receive vaccination must have proof of a negative COVID result within one week. If you have not been tested weekly but would like to receive the vaccination, we encourage you to get tested as soon as possible. Please note that if you have not been tested within the last week, your test will need to be outside as you cannot come into the Manor. Please be advised that the two essential caregivers for your loved one are eligible for the vaccination. If you have not sent your consent forms to info@maxvillemanor.ca or kcampbell@maxvillemanor.ca yet, please be sure to do that as soon as possible.

Thank you so much for all your support and we will continue to send you any updates as we receive them.
