

Family and Resident Newsletter -Volume 5

December 31, 2020

Personal Protective Equipment

All staff and essential visitors are now required to wear face shields in addition to the Personal Protective Equipment already in place. Each visitor is given one mask and face shield combination.

Outside Food and Drinks in the Manor

During outbreak, we will not allow outside food and drinks to be brought into the Manor by any visitors for an added precaution. Please make sure to leave any of these items in your vehicle before entering the Manor. Thank you for your understanding.

Visiting Guidelines

When any essential visitors are visiting the Manor, we request that you go straight to the resident's room and back. If you need to use the restroom, you can use the restroom at the front in Townsquare.

Updated Screening Questionnaire

We are now ensuring that essential visitors are not visiting another individual in any other healthcare facility. As we are in outbreak, no visits to other homes are permitted. If any other home you may visit is in outbreak, you will not be able to enter the Manor.

Caregiver testing

The next testing day for caregivers is **Tuesday, January 5 from 10:00am-noon** in the Library.

Thank you for your continued understanding and help in keeping the Manor safe.
