Memo: Vaccinations

We are happy to announce that we will be receiving our vaccinations for staff, essential caregivers, and Glen Garden Village tenants on Monday, March 1st in the morning. We will be sending out more information later this week about specific times, but please be sure to be available on Monday morning if you would like to receive your vaccine at Maxville Manor. We are asking that all staff, essential caregivers, and Glen Garden Village tenants have a negative regular COVID test result to enter the Manor. If you have not completed your initial consent form, please do so and provide it to Kristie Campbell by Thursday February 25th at 11:00am.

Thank you!
