

Outbreak Update

I am sorry to inform you that we have had another positive COVID case unrelated to our previous positive case. A student who was only in the building for a short period of time has tested positive. This unfortunately will extend our outbreak further. We know this is discouraging news and thank you for all your understanding and support during this outbreak.

In terms of measures you should take when leaving the Manor, we encourage you to wash your hands when leaving and to change your clothes and shower as soon as you get home.

Next Week COVID Testing Dates

Next week there will be two essential caregiver PCR testing days as follows:

Tuesday, March 23rd from 10:00am-noon as a drive thru.

Friday, March 26th from 10:00am-noon as a drive thru.

First Dose of Vaccine

For any essential caregivers who did not receive their first dose of the COVID vaccine but are interested in receiving the vaccine, please contact Kristie by Tuesday, March 23rd to let her know.
