

## Family Update

April 29, 2021

### *Outbreak Status*

We are so happy to report that our suspect outbreak has officially been declared over.

This will still mean that our rapid testing will be twice weekly following the schedule communicated yesterday. We hope to see you tomorrow between 10 and noon. Thank you!

### *Volunteer Month*

April is Volunteer month. We encourage you to visit our Facebook page and add your comments for our volunteers. Thank you!
