

The Maxville Manor Family hopes that you are having a great summer.

PPE Reminder

As visit outdoors with residents continue, we wanted to take the opportunity to remind you that check in at the Manor is required before outdoor visits by all visitors along with wearing masks. These practices help you keep you and the residents safe. If you could make sure that general visitors that are with you are following the proper guidelines, it would be greatly appreciated.

Pets and Vaccinations

We are happy to report that pets are now allowed back into the Manor. However, we must ensure that pets have the proper vaccinations in place before entering. If you could bring copies of your pets vaccinations to the Director of Care, Kelly Keeler, prior to your visit, it would be greatly appreciated.

Quality Framework Survey

The Ontario Ministry of Long-Term Care is currently developing a Quality Framework and they are looking for the input of families and caregivers. The Quality Framework will outline consistent definitions of quality of life and quality of care. It will also identify the measures to assess and publicly report on the performance of LTC homes and will set the foundation to improve quality of life and quality of care for long-term care residents. To inform this important work, the ministry will be holding several virtual engagement sessions in August/September 2021. The session will be facilitated by an external facilitator, on behalf of the Ministry of Long-Term Care. If you would like to participate, please register no later than August 18, 2021, by using this link: [Registration Link](#)

You will also be asked to select your preferred session date and time as shown below.

- Mon. Aug 30 @ 2pm-4pm
- Wed. Sept 1 @ 10am-12pm
- Wed. Sept 1 @ 5pm-7pm
- Tues. Sept 7 @ 5pm-7pm
- Wed. Sept 8 @ 10am-12pm

Participants will be selected to ensure broad representation and on a first come first serve basis. If you have any questions, please send an email to:
